# ATERCIOPELADOS

Hector Buitrago's stunning guitar melodies meld effortlessly with Andrea Echeverri's soulful vocals to create songs that are influenced by a variety of Colombian and Latin American musical traditions as well as contemporary rock elements. Poetic, political and unique Aterciopelados has been honored by the United Nations for their work denouncing violence in Colombia and drawing attention to political injustice, women's rights, and environmental destruction. Don't miss this opportunity to see one of the most recognised and famous bands from Latin America in their first ever Australian tour.

## KIMBAYA

Supporting Aterciopelados is Kimbaya, a new and impassioned musical collaboration between Colombian born and Melbourne based songbird, Rose Páez and pianist, Vashti Sivell. Together they entwine the sound of Latin American rhythms with jazz and contemporary sounds.
